

# Tasks 5.2 and 5.3

- LC:
  - LC interested in PFT / LC / LAI / biomass consistency assessment
  - Current annual LC map is version 2.0.7
  - A new PFT LC product is available but it does not include C4 plants
  - C4 plants will be available in a next stage
- SNOW:
  - New improved  $0.1^\circ$  SWE product (v3.0) will be available Q1 2024
- LST:
  - A new version of MODIS product (v4) will be released Q1 2024
  - Same for SEVIRI
- SM: v8.1 is now available, it includes a RZSM product (exponential filter)
- LAI:
  - Just started. CMCC is in contact with this CCI.
